Independent Global Venture Fund.

AIRBUS VENTURES

 France www.airbusventures.vc

Chairman Of The Investment Committee

Independent Global Venture Fund.

AIT AUSTRIAN INSTITUTE OF TECHNOLOGY

 Austria www.ait.ac.at

Administrator

We are Austria's largest Research and Technology Organization (RTO) and belong to the first league worldwide in many of our areas of research. This makes us a powerful development partner for the industry and one of the top employers in the international scientific scene.

ALROKO HAMBURG

 Germany www.alroko.de

President

Alroko is the exclusive sales representative for many important producers of raw materials and machines around the world.

ALSTOM TRANSPORT

 France www.alstom.com

Innovation Project Manager

Alstom Transport develops and sells a wide range of products and services to the railroad industry.

AREVA

 France www.areva.com

Project Director

AREVA supplies high added-value products and services to support the global nuclear fleet operation. The company is present throughout the entire nuclear cycle, from uranium mining to used fuel recycling, including nuclear reactor design and operating services.

AREVA INNOVATION PME - NEW AREVA

 France www.innovationpme.areva.com

Open Innovation Manager

Identification, assessment and promotion of the best innovative solutions provided by SME's in order to face future energy challenges.

AREVA TN

 France www.areva.com

R&D Engineer

Design and manufacture of radioactive material packages

ASL - AIRBUS SAFRAN LAUNCHERS

 France www.airbusafran-launchers.com

Institutional Relations For Launchers

Europe's leading space actor (launchers, satellites, satellite services and equipment).

C

CASC - CHINA AEROSPACE SCIENCE & TECHNOLOGY CORPORATION

 China english.spacechina.com

Business Development Representative

CASC is mainly engaged in the research, design, manufacturing and launching space systems.

CNES - CENTRE NATIONAL D'ETUDES SPATIALES

 France www.cnes.fr

Senior Launchers Expert

The government agency responsible for shaping and implementing France's space policy in Europe.

CNES - CENTRE NATIONAL D'ETUDES SPATIALES

 France www.cnes.fr

Technical Advisor For Industrial Intelligence And Synthesis

French Space Agency, responsible for shaping and implementing France's space policy in Europe. Its task is to invent the space systems of the future, bring space technologies to maturity and guarantee France's independent access to space.

CSL - CENTRE SPATIAL DE LIEGE

 Belgium www.csl.ulg.ac.be

Head Of Technology Program

The Centre Spatial de Liège (CSL) is a high level Research Center of the University of Liège, devoted to applied research in Space science.

3D-OPT APS

 Denmark <http://www.3d-opt.dk>

Co-Founder

Advanced design for additive manufacturing, including state-of-the-art high resolution topology optimisation using our in house developed solver and complex lattice structure designs with millions of rods.

3D-Opt is a Danish engineering consulting company providing services within topology optimization, 3D printing and λ most importantly λ the interplay between the two fields. We believe the two technologies are an ideal fit. AM allows for the manufacturing

3DPROD

 France www.3dprod.com/fr

Commercial Director

The 3DPROD 3D printing company was founded in 2005. At that time, the technology already existed about 10 years and some modelers had integrated it because it matched with a logic evolution of their know-how.

A

ACCELINN

 France www.accelinn.com

Recruitment Manager

Optimization of projects and business through innovation management and unified efficiency.

ACKTAR EUROPE (ACM COATINGS GMBH)

 Germany www.acm-coatings.de

General Manager

We are the world leader in ultra-black, light absorbing coatings and foils. Our products are qualified for space and in use in numerous satellite-borne instruments. Main application fields are straylight suppression, LASER power absorption and high-emissivity coatings in the wide field photonics.

ACROTEC

 Switzerland www.acrotec.ch

Sales Director

The Acrotec group is a high precision manufacturer of small components as well as a supplier of independent and specialized services for the aerospace, aeronautics, automobile and medical sectors.

ADVANCED VACUUM SYSTEMS AB

 Sweden www.advanced-vacuum.se

Communication Director

Advanced Vacuum is a leading provider of plasma processing and vacuum testing systems, as well as software and hardware upgrades for vacuum equipment. We specialize in a variety of plasma etch and deposition technologies, including ICP, RIE, DSE™, PECVD, and HDPCVD.

AIRBORNE COMPOSITES BV

 The Netherlands www.airborne-aerospace.com

Business Development Manager Space

Specialists in manufacturing and development of advanced composite spacecraft structures.

AIRBUS GROUP - INTESPACE (MEMBRE ASTECH)

 France www.intespace.fr

Sales Engineer

Company specialized in the field of testing, engineering and software development. Service & engineering company providing a complete set of environment simulation test facilities in the fields of Space, Aeronautics, Defence, Military, Automotive,...

Environmental Tests: mechanical, acoustic, thermal and radio electric testing. Engineering. Data management. Software.

AJILON TECHNOLOGY AEROSPACE BV

 The Netherlands www.modisintl.com

Development Manager

Ajilon Technology Aerospace is a dedicated business entity that provides consultancy, service outsourcing and project management for our clients and partners in the aerospace industry.

ALCEN - ADR

 France www.adr-alcen.com

Commercial Director

Instruments bol bearings. Manufacturing and tooling with digital machines. Special stainless steel manufacturing ADR (Les Applications Du Roulement) is a French manufacturer of high-precision ball bearings fulfilling up to ISO 2 or ABEC 9 precision standards or better.

ALCEN - TRONICO

 France www.tronico-alcen.com

Key Account Manager

Tronico specialises in the design and integration of electronic systems for equipment with high added value, throughout their life cycle.

ALPAO

 France www.alpao.com

General Director

ALPAO manufactures Adaptive Optics Components and Systems. It includes very rapidly deformable mirrors with large strokes, wavefront sensors, and complete adaptive optics loops. These products are specially designed for various applications such as vision science (ophthalmology), astronomy, microscopy, microelectronics, defense and laser applications. Our product's unrivalled performance allows users to recover very high-resolution images.

ALPHANOV (MEMBRE AFOP)

 France www.alphanov.com

Commercial Engineer

ALPhANOV is a private, non-profit organization and is the Technology Center of the French Route des Lasers competitiveness cluster. It provides technical resources and expertise required to fulfill R&D challenges and innovative development in photonics.

AMORIM CORK COMPOSITES

 Portugal www.amorimcorkcomposites.com

Business Developer

Amorim Cork Composites (ACC) has been manufacturing and supplying cork-based materials used in Thermal Protection Systems (TPS) for the Aerospace Industry since the beginning of the space age. ACC supplies ablative cork sheet materials or specially graded cork granules for the Aerospace Industry.

AMOS, ADVANCED MECHANICAL AND OPTICSYSTEMS

 Belgium www.amos.be

Executive Assistant

Design and manufacturing of opto-mechanical equipment for ground and space-based application; optical instrumentation support structures for spacecraft, design and manufacture of large space simulator, thermal shrouds and optical benches; OGSE and MGSE.

ANRT - CIFRE

 France www.anrt.asso.fr

Manager

Cifre-Defense is a support program for DGA's (Ministry of Defense) public-private partnership research which aims at co-financing the work of doctoral students in a company.

ANTONOV AERONAUTICAL SCIENTIFIC TECHNICAL COMPLEX

 Ukraine www.antonov.com

Head Of Commercial Department

Cargo and regional aircrafts production.

ANY-SHAPE SA

 Belgium www.any-shape.com

Ceo

Any-Shape is dedicated to Additive Technologies for industry. Our ambition is to be a leading industrial actor in Europe and beyond within the next two years. Any-Shape provides its customers with the whole value chain in Additive Manufacturing, from specific AM design to production & qualification.

ARDANS (MEMBRE ASTECH)

 France www.ardans.com

Business Development

Management consulting of the knowledge, the diagnosis, the analysis of criticality, analysis of knowledge base, Formation in the transfer of knowledge. Software of Knowledge management AKMInnovation, CRM, unique DatabaseIT Assistance(Audience) around the distributed information.

ART OF TECHNOLOGY AG

 Switzerland www.aotag.ch

Sales & Marketing Manager

Specialising in the design and development of embedded systems.

ASPHERICON GMBH

 Germany www.asphericon.com

Sales Manager

Precision out of passion - Aspheric solutions made by asphericon. As an independent and recognized specialist, asphericon is the technological leader in efficiently manufacturing high-precision aspheres.

ASSECO POLAND S.A.

 Poland www.asseco.com

Key Account Manager

Asseco Group is a federation of companies engaged in information technology and it operates in most of the European countries as well as in Israel, USA, Japan, and Canada. The company offers comprehensive, proprietary IT solutions for all sectors.

ASSYSTEM FRANCE

 France www.assystem.com

Business Development

Assystem was founded in France fifty years ago. Its two divisions, Energy & Infrastructure and Global Product Solutions, have developed their service portfolios with major French manufacturers which are now international champions.

Ceo

Our mission is to promote and to actively participate in the development of space applications and technologies in co-operation with major Polish and international stakeholders including numerous public and private space-oriented organisations.

ATG EUROPE

 The Netherlands www.atg-europe.com

Manager Projects

ATG Projects (part of ATG Europe) provides high-end thermal and engineering services to European high-tech industries. Our composites team is performing research and development activities spanning the full cycle of composites development and qualification.

ATEMEL AEROSPACE

 France www.atmel.com

Marketing Manager

Manufacturing of semiconductor. Atmel Corporation is an industry leader in the design and manufacture of advanced semiconductors, with focus on microcontrollers, nonvolatile memory, logic, radio frequency (RF) components and sensors.

AVX LTD

 United Kingdom www.avx.com

Product Marketing Manager

Manufacturer of High Reliability, ESCC Qualified/NASA Spec Approved, Ceramic and Tantalum Capacitors (Surface Mount / Stacked) for Industrial , Military and Space applications (Launchers, Land Rovers and Satellites).

AXON CABLE SAS

 France www.axon-cable.com

Project Manager

Conception and manufacturing of cables and connectors for space, medical, nuclear sectors.

B

BABCOCK NOELL GMBH

 Germany <http://www.babcocknoell.de>

Project Engineer

Industrial Firm.

BSC FILTERS

 United Kingdom www.bsccfilters.com

European Sales Manager

RF and Microwave Filters and Filter based subsystems between DC and 100GHz, realised in Compline, Waveguide, Lumped Element, Thin-Film ceramic and Suspended Substrate technology and coupled with active components.

C

CETIM - CENTRE TECHNIQUE DES INDUSTRIES MECANIKES

 France www.cetim.fr

Area Sales Manager

Technical center for mechanical industry.

CGC TECHNOLOGY LTD

 United Kingdom www.cgctech.com

Sales Manager

CGC Technology is a custom engineering solutions provider with a diverse customer base in a wide range of market sectors. CGC provides custom solutions for challenging requirements for bespoke and special purpose industrial projects.

CNIM - BERTIN TECHNOLOGIES

 France www.bertin.fr

Business Developer

Bertin Technologies has a highlevel know-how in mechanical, electronic, optical engineering and opto-mechanics, IT real time, automatism and signal processing. It designs and develops models and prototypes, and supplies equipments and systems.

MORE INFORMATION

PROXIMUM Group
SpaceTeam
Phone: +33 (0)1 46 90 22 37
Email: ir@proximumgroup.com
WebSite: paris-space-week.com

COGES

 France www.cogesevents.com

Sales Manager

COGES is a wholly-owned subsidiary of the French Land and Airland Defence and Security Industries Association GICAT. It is devoted to promoting French land and airland Defence and Security industries and their sectors worldwide. In this purpose, COGES creates targeted events both inside and outside France.

COMAT AEROSPACE

 France www.comat-aerospace.com

Sales And Marketing Director

COMAT is a provider of space equipment. We are a key partner of major space companies and agencies. COMAT specialises in mechanisms, scientific equipment and propulsion. Thanks to its expertise and facilities, COMAT performs the design, manufacturing, integration and test of space Equipment.

CREONIC GMBH (HEADQUARTERS)

 Germany www.creonic.com

General Manager

Creonic provides IP cores as ready-for-use solutions for several algorithms of communications such as forward error correction (LDPC and Turbo coding), synchronization, MIMO, and OFDM. The product portfolio covers standards like DVB-S2, DVB-RCS2, DVB-C2,

CREOTECH INSTRUMENTS

 Poland <http://www.creotech.pl>

Business Development

Company has contributed in a group of ESA performed projects. The company provide qualified assembly, in line with ECSS standards. SCIENTIFIC INSTRUMENTATION Producer and supplier of high precision measuring devices. Produced components in the MTCA technology standard and other. CONTRACTUAL PRODUCTION The company employs highly qualified professionals, who guarantee production services and assembly of electronics in line with high quality and worldwide approved standards.

CRIOTEC IMPIANTI SRL

 Italy www.criotec.com

Sales Manager

CRIOTEC sells whole-body cryotherapy devices individual and collective called Cryosauna and Cryochamber with Medical CE, these technologies can expose users to extreme cold until -150 ° C throughout the body for a very short time ranging from 1 to 3 minutes.

CS ROMANIA

 Romania www.c-s.ro

Director/Manager

25 years of experience in software development and maintenance for Aeronautics, Space, Energy and Transportation, meeting industrial standards for sw engineering: ECSS System and DO178B/ED12B. Ground segment including sw for EGSE, On-board SW, Data Processing for Earth Observation, Flight Dynamics.

CTR-CARINTHIAN TECH RESEARCH AG

 Austria www.ctr.at

Account Manager

CTR Carinthian Tech Research AG is an industry-oriented competence centre for intelligent sensors and at the same time the biggest non-university research and development centre in the south of Austria.

DA-DESIGN OY - DA-GROUP

 Finland www.da-group.fi

Space Business Manager

DA-Group operates as a subcontractor for major space companies and ESA. We deliver systems, subsystems and equipment, including all phases of development design, manufacture and testing, for both spaceflight and ground based applications, in-house. E.g. Microwave MMIC technology, LNAs, SARs, ACL.

DEDIENNE MULTIPLASTURGY GROUP (MEMBRE NAE)

 France www.dedienne.com

Marketing And Communication Manager

Technical Group, expert of all types of technical and high performance polymers (TP & TSet) since 60 years, also developing its presence in the field of thermoplastic composites.

DELTA - DELTA COMPOSANTS

 France www.deltacomposants.com

Project Manager

Delta Composants is specialized in the transformation of wires and metal strip, machining of flat material (metal, carbon, resins, leather, paper, plastic, ...), 3D engraving (tools and items) and packaging.

DIGIGRAM

 France www.digigram.com

Sales Engineer

Digigram is a world leader in the design and marketing of digital audio products and systems for professional networks. The group is also involved in the design and the manufacturing of digital mixing consoles.

MORE INFORMATION

PROXIMUM Group

DIMAC RED SPA

 Italy www.dimacred.com

Hi-Rel Product Manager

We are a professional sales organization dedicated to serve the European market with High Reliability electronic products. Our mission is to provide customers with products and services that require a unique level of technical support. Our services include design and hire procurement activities.

DOVER CORPORATION - MICROWAVE PRODUCT GROUP

 United Kingdom www.dovermpg.com

Sales Director

MPG expertise is the design and manufacture of communication based components and sub-systems. Flight approved Electromechanical switches, filters and matrix systems.

DSI DIGITALE SIGNALVERARBEITUNGSSYSTEME & INFORMATIONSTECHNIK GMBH

 Germany www.dsi-it.de

Head Of Marketing And Proposal Management

Electronics for Harsh Environments. Design, development, manufacture, testing and qualifying of Cryptographic systems, Payload Data Handling Units, On-board Computers, Instrument Control Units and Test equipment for space, air, ground and naval environments.

E

EIFFAGE METAL

 France www.eiffagemetal.com

Sales Manager

Eiffage Métal, part of Eiffage Group, is an industrial designer and comprehensive supplier that has long been a leader in turnkey metal construction. The company is renowned for its ability to build outstanding structures, constantly pushing back the boundaries of technology.

ELFON LTD

 Greece www.elfon.gr

Business Development Director

Wiring Harnesses, Electromechanical Assemblies, Management and integration of complex systems including, electric power, hydrogen technology, hydraulics, etc. Execution of special processes (eg. potting).

ELTA

 France www.elta.fr

Sales Manager

Over 25 years of research, design and manufacture of high-technology products with unsurpassed reliability, serving states, institutions, and industry.

ENBIO

 Ireland www.enbiomaterials.com

Sales Manager

ENBIO is the inventor, and trustee, of a remarkable technology called CoBlast., which offers industry the potential to redefine the performance, function and value of metals across all sectors. We are a young and vibrant company, operating as a trusted partner in some of industries most regulated and demanding markets, developing and delivering next-generation solutions to meet ever increasing material challenges.

ENTUZIASMO

 France www.entuziasmo.eu

Ceo

ENTUZIASMO accompany contractors in the industry in the operational management of the supply chain by acting directly with subcontractors.

EOS CORPORATION

 South Korea www.eos.co.kr

Sales Manager

Leading PCB manufacturer, offering our customers powerful and eco friendly products.

EUROPEAN ASTROTECH LTD

 United Kingdom www.europeanastrotech.com

Senior Propulsion Engineer

All activities that involve Liquid Propulsion, including spacecraft propellant loading and pressure/leak testing, propellant analysis, propellant/material compatibility, hazardous testing, hazardous test system design and manufacture, and STEM education in schools using weather balloons.

EXPERBUY

 France www.experbuy.com

Usa/Canada Sourcing Manager

Offers outsourcing services procurement process for grouping them.

F

FEMTO ENGINEERING

 France www.femto-engineering.fr

Communication & Marketing Manager

Research institute FEMTO-ST is one of the largest French public research labs for engineering sciences.

FONDATION VAN ALLEN

 France www.fondationvanallen.fr

Sales

The Van Allen Foundation of the University of Montpellier was created in November 2012. Its founding members are University and Industrial 3D Plus, Airbus Defense & Space, Intespace, Zodiac Data Systems and Latelec.

FOTEC FORSCHUNGS- UND TECHNOLOGIETRANSFER GMBH

 Austria www.fotec.at

Head Of Departement

FOTEC is the research and technology subsidiary of the University of Applied Sciences in Wiener Neustadt. In the space sector, we perform cutting-edge research and development in the area of micro propulsion, advanced energy concepts and additive manufacturing technologies.

FRAUNHOFER UK RESEARCH LTD

 United Kingdom www.fraunhofer.co.uk

General Manager

Fraunhofer UK Research Ltd is the legal entity and headquarters organisation for Fraunhofer research centres in the UK. Fraunhofer research centres perform professional, application-oriented research and development services for, and with, industry. Fraunhofer also has a significant training mission and hosts and trains a large number of doctoral students every year.

G

GEOMATYS

 France www.geomatys.com

Project Manager

Geomatys has strong technical expertise in the field of standardisation and develops cutting-edge technical solutions to promote geospatial interoperability. We aim to combine the advantages of Open Source software and the specific needs of commercial applications within the same technical environment.

GLENAIR INC - GLENAIR

 France www.glenair.com

European Business Development Manager

Electrical connectors, accessories and harnesses.

GOIMEK

 Spain www.goimek.com

Sales Engineer

Specialists in precision part machining and offer customers a fully comprehensive machining service.

GRAFTON TECHNOLOGY LTD

 United Kingdom www.graftontechnology.co.uk

Manager Space Operations Europe And North America

Grafton is SME engineering consultancy in the Space Domain. It also undertakes engineering design studies.

H

HAM-LET

 Israel www.ham-let.com

Partnership Coordinator

A leading manufacturer of instrumentation valves and fittings applicable for process control and high purity industries.

HEAD AEROSPACE

 China www.head-aerospace.eu

Marketing And Sales Coordinator

Head Aerospace NL focuses on the development of end-to-end missions addressing the instrument / payload, the small satellite (constellations), launch and ground operations and data processing.

HEICO - 3D PLUS

 France www.3d-plus.com

Sales Administration

Reliable Miniaturization Technologies for Electronics. 3DPLUS offers standard products, custom and semi-custom solutions .3DPLUS products benefits from a large space heritage in numerous missions : Rosetta, Smart-1, Mars Express, Cosmo/Skymed, Terrasar, Sarlupe, Pleiades, Themis, Galileo, Sentinel, Bepi Colomb.

HERTZ SYSTEMS LTD

 Poland www.hertzsystems.com

Sales Manager

A Polish company with 27 years' experience, active in four areas: GPS – GNSS logistics systems, SECURITY – range of security systems, ARMY – military GPS and NATO ITC system and SPACE – satellite equipment.

HGH INFRARED SYSTEMS (MEMBRE OPTICS VALLEY)

 France www.hgh.fr

Marketing Manager

Development of optronic and infrared systems for industrial, civil and security applications.

HORIBA JOBIN YVON (MEMBRE AFOP)

 France www.horiba.com

President

Optical spectroscopy component manufacturer.

HPS - HIGH PERFORMANCE STRUCTURES GESTÃO E ENGENHARIA LDA.

 Portugal www.hps-lda.pt

Deputy

HPS Portugal is a German-Portuguese SME based in Porto, Portugal. We design, manufacture and test Spacecraft Thermal and Mechanical Hardware.

IABG & INTESPACE - EUROPEAN TEST SERVICES (ETS) B.V.

 The Netherlands www.european-test-services.net

Marketing & Sales Manager

European Test Services (ETS) B.V. provides test facility services to European industry by managing, maintaining and operating the ESA test centre located in Noordwijk, The Netherlands. ETS is active in mechanical testing, EMC testing, thermal vacuum testing, altitude simulation and more.

IMAGINE OPTIC

 France www.imagine-optic.com

Sales Manager

Imagine Optic is offering a full range of solutions in wavefront sensing and adaptive optics, for optical metrology and dynamic aberrations correction. Keywords: deformable mirrors, optics characterization bench, Shack-Hartmann, MTF measurement, laser alignment and collimation.

INGENIARS S.R.L.

 Italy www.ingeniars.com

Project Manager

IngeniArs S.r.l. is a SME company with long heritage on microelectronics systems development and VLSI design services. The company is focused on development, production and commercialisation of products or technologically advanced innovative services. IngeniArs offers solutions for the state-of-the-art high-speed communication technologies on board of satellites or space vehicles, i.e. SpaceWire, SpaceFibre and WizardLink. Our portfolio of products includes IP cores and EGSEs, to speed up the development of customer systems.

INGERSOLL MT INC

 USA www.ingersoll.com

Sales Director

Ingersoll is a global leader in the development of advanced machine tools for the world's aerospace, transportation, energy, and other heavy industries. Products range from general purpose machines that bring greater flexibility and productive to a wide variety of parts, to special purpose, one-of-a-kind machines delivering unique solutions. For the aerospace industry, Ingersoll excels in building machines to produce component parts and large structures made of aluminum, hard metals and composite materials.

INNOVATION SOLUTION IN SPACE

 The Netherlands www.isispace.nl

Sales/Marketing Assistant

ISIS – Innovative Solutions In Space was founded on January 6th, 2006 as a spin-off from the Delfi-C3 nanosatellite project from Delft University of Technology in The Netherlands and it's one of the leading companies in the fast growing small satellite market. The company is vertically integrated and combines research and development, testing, launch services, and operation of small space systems in a single organization. This allows us to fully satisfy our customer needs in the field of small satellites and provide a full turn-key solution for those in need of a space mission.

INTEGRATED SYSTEMS DEVELOPMENT - ISD - SA

 Greece www.isd.gr

Managing Director

ISD is active in the domain of Integrated Systems (IS) of guaranteed quality and performance. It is an R&D organization working with system houses, software houses and integrated circuit manufacturers.

INTELLIGENTIA

 Italy www.intelligentia.eu

Ceo

Actively working in validation and verification of on-board critical satellite software as well as on board software development and in the EGSE design, implementation and test.

ISOMATEX

 Belgium www.isomatex.be

Business Development Manager

ISOMATEX is the global leading producer of enhanced volcanic rock filaments. ISOMATEX's products are distributed under the trademark FILAVA™ and are composed of filaments with a diameter of less than 10 microns.

ITTI SP. Z O.O.

 Poland <http://www.itti.com.pl>

Space Business Manager

ITTI is an SME working in IT and telecommunications sector located in Poznan, Poland. Its main activities cover technical consulting, applied R and D in the area of ICT, and developemtn of IT applications, e.g. in crisis management and health sector. Currently ITTI is performing 3 projects for ESA.

K

KENTA

 France www.kenta.fr

Co Founder

KENTA is a specialist of analog and digital radio-communication systems both for transmission an reception and in the MF/HF/VHF/UHF frequency bands. KENTA is also a key provider of Software Defined Radio (SDR) technologies for all industries.

L

LATECOERE - LATELEC

 France <http://www.latelec.com/>

Sales & Marketing Manager Aeronautics-Defense

Design, industrialization, manufacturing, test of onboard harness and avionic bays for the aeronautic , space and military domain.

LATECOERE SERVICES

 France www.latecoere-services.com

Communication Manager

LATECOERE Services expertise has structured around a wide range of space products, from flight hardware to ground-based systems through tooling, assembly means and test means. LATECOERE Services is also able to propose satellites and launchers production lines.

LIDAX

 Spain www.lidax.com

Business Development Manager

Since its foundation, LIDAX, as a technology company, has provided engineering services to the scientific and space community.

LISI AEROSPACE ADDITIVE MANUFACTURING

 France

General Director

Design and Manufacturing of 3D printed parts for Aerospace, Defence and Space.

M

MAGNESIUM ELEKTRON

 United Kingdom

Sales Engineer

Magnesium Elektron has led the magnesium industry since our company was founded in Swinton, England, in 1936. We have been involved in every aspect of magnesium metal, starting with primary production using the Pidgeon process, and then moving to ingot, plate, sheet, particulate, billet, extrusions and purpose-built fabricated forms. Alliages metalliques legers. plaques, extrusions, pieces de fonderies.

MAPAERO

 France www.mapaero.com

Export Manager

Mapaero is the specialist in paints for aviation.

MBDA - MATRA ELECTRONIQUE

 France www.matra-electronique.com

Sales Assistant

R&D and manufacturing of electronic embedded boards and equipments.

MECANO ID

 France www.mecano-id.fr

Development And Sourcing Technology Manager

Embedded systems and equipment for space and aeronautics applications or for road and rail transport systems must respond to the stringent requirement inherent to mechanical environments.

MEGGITT - SENSOREX

 FRANCE www.sensorex.fr

Inertial Systems Manager

Designer and manufacturer of accelerometers, displacement transducers, shocks recorders, gyrometers, inclinometers and inertial systems.

MORE INFORMATION

PROXIMUM Group
SpaceTeam
Phone: +33 (0)1 46 90 22 37
Email: ir@proximumgroup.com
WebSite: paris-space-week.com

MEOPTA - OPTIKA, S.R.O.

 Czech Republic www.meopta.com

Senior Sales Manager

MEOPTA - optika is a global manufacturer of precision optics, specializing in the design, engineering and assembly of complex optical, opto-mechanical and opto-electronic systems. MEOPTA - optika creates innovative, total solutions for the consumer.

METASENSING BV

 The Netherlands www.metasensing.com

Director

MetaSensing designs, develops and operates radar sensors and process the acquired data. Unique expertise focuses on the development of advanced airborne Synthetic Aperture Radar sensors and processors at different frequencies. Currently, a new SAR payload for small satellites is under development.

METRAVIB

 France <http://www.metravib.com/>

International Sales Manager

METRAVIB offers high-performance threat surveillance, detection and localization solutions for the defence and civil protection sectors. The systems developed by METRAVIB use the sound waves generated by the firing of arms to detect and accurately identify their location in real time.

MICROSS COMPONENTS

 France www.micross.com

Sales Manager

Our growing success in the marketplace and reputation for exceptional product quality and customer service are no accident. Through the years, we have carefully nurtured a culture that embraces four underlying values. These internal virtues now serve as the mainstay of our daily operations and the bulwark of our unwavering commitment to excellence.

MOBICA LIMITED

 Poland www.mobica.com

Engineering Manager

Software development, technical consulting

MOCKEL SA

 Belgium www.mockel-precision.be

Business Development Manager

Mockel is a dynamic business employing experts in the series production of precision mechanical parts.

MU-TEST

 France www.mu-test.com

Sales Director

Mu-TEST is the game changer in the Automated Test Equipment (ATE) world. Thanks to its revolutionary FPGA based system, Mu-TEST dramatically reduces Cost of Test (CoT) and Time-to-Market for Semiconductor activities (Test, Characterization, Burn-in, Reliability, FA) for complex application such D&A.

N

N7 MOBILE SP. Z O.O.

 Poland www.n7mobile.pl

Board Member

Software development for embedded and mobile devices. Development of simulation software.

NEXTER - NEXTER MECHANICS

 France www.nexter-group.fr

Sales Engineer

NEXTER MECHANICS provide a wide range of mechanical and hydraulics engineering solution in order to answer to your requests and expectations by a taylor made supply. We realize test bench, taylor made tooling and special mechanism.

NIER INGEGNERIA

 Italy www.niering.it

Business Development

Consulting services in System Engineering, Reliability, Safety, RAMS, Requirements Management, Research.

NIMESIS TECHNOLOGY

 France www.nimesis.com

Business Development Engineer

The multitude of Shape Memory Alloy (SMA) applications in all industrial domains requires to understand our interlocutors and to provide them with clear and precise answers. Nimesis Technology work since many years to adapt itself of requests and objectives of its customers in domains as diverse as medical, defence, or clock making and give them a quick technical and economic answer.

NLR

 The Netherlands www.nlr.nl

Business Manager Aerospace

Various technologies for space systems, especially thermal control, composite structures and avionics H/W and S/W, also its design & development methods, techniques and tools.

MORE INFORMATION

PROXIMUM Group
SpaceTeam

NOVATECH INDUSTRIE (MEMBRE CAP'TRONIC)

 France www.novatech-groupe.com

Sales Manager

Novatech Industries is a major player in the European EMS Industry. Our vocation is to provide solutions in the increasingly complex and demanding world of electronic design and manufacture.

NUCLETUDES

 France www.nucleudes.com

Business Development Director

NUCLETUDES has acquired an extensive background and expertise in understanding the effects of radiations and electromagnetic effects on electronic systems and mechanical structures.

O.C.E. TECHNOLOGY LTD

 Ireland www.ocetechnology.com

Ceo

O.C.E. Technology has a small team of embedded system engineers. The team has been developing software tools for the SPARC-LEON range of processors. The company has an unusual mix of Java expertise and C/C++ expertise in an embedded systems environment.

OFFICINA STELLARE SRL

 Italy www.officinastellare.com

R&D Manager

Officina Stellare designs and manufactures optomechanical instrumentation for professional applications: optical payloads for Earth imaging satellites, SSA and debris tracking solutions, aerospace and defense applications, astroimaging.

OMT SOLUTIONS BV

 The Netherlands www.omtsolutions.com

Business Manager

Custom spectrophotometer accessories, thin film analysis and design, optical and thermal radiation properties, calibration of reference materials, product testing, optical simulation and modelling, development of new measurement techniques and consultancy & training.

OPTIM WAFER SERVICES

 France <http://www.optimws.com>

Technical Support & Account Manager

Optim Wafer Services have been offering, high quality, reliable, value for money wafer processing services to our customers for over thirty years. As well as providing unrivalled technical support.

ORBIT COMMUNICATION SYSTEMS

 Israel www.orbit-cs.com

Vp Sales

ORBIT is a global provider of highly engineered mission-critical communication solutions for aerospace, maritime and earth observation applications in defense, HLS and commercial markets. Our portfolio includes AirBorne Communication Management Solutions, Mobile Satellite Communications, Tracking & Telemetry and Earth Observation. Over 60 years, ORBIT has provided thousands of airborne communication management systems worldwide having strong expertise in the avionic communication systems and pioneered the industry's shift to digital communications technology.

OUTSOURCING PARTNER SP. Z O.O.

 Poland <http://www.ospartner.pl>

Business Development

Outsourcing Partner is a technology company founded in 2003. We have always supported our customers in exploiting the technologies used for solving real business problems.

PACKO INOX ST

 Belgium www.electropolish.com

Consultant

Specializing in chemical and mechanical engineering for the design of innovative process equipment. More than twenty-five years of front line experience in solving complex problems in materials, manufacturing, mechanical preparation, fixturing, precleaning and post-treatment technologies have aided in the development of a scientific approach to the technology of electropolishing.

PCB PIEZOTRONICS

 France www.pcbpiezotronics.fr

Commercial Manager

Design and manufacturing of measuring sensors in physical quantities.

PENTACON BV

 The Netherlands www.pentacon.nl

Project Manager

Pentacon is the perfect partner for space vehicle developers and suppliers. We work together with different organisations on multiple projects for the design, engineering, contracting and delivery of Ground Support Equipment (GSE) and also the design and engineering of flight hardware.

PIAP SPACE

 **Poland** space.piap.pl

R&D Manager

PIAP Space develops space robotics and mechanical systems, especially in the areas of Manipulators & End-Effectors, Human-Robot Interaction, Vision Systems and Mechanical Ground Support Equipment.

PIAP Space is a daughter company of PIAP Institute, having 50 years of experience in robotics.

PLUG IN

 **France** www.plugin.fr

General Manager

Designing and manufacturing of hermetic feedthroughs for space simulation.

PRAGMATISTS

 **Poland** www.pragmatists.pl

Development Director

Experts in agile software development in Java and modern Web.

PRISMA ELECTRONICS

 **Greece** www.prismael.com

Production Manager

Prisma Electronics SA focusing on the design and production of quality electronics for Commercial, Industrial, Medical, Space, Defense and R&D applications.

- PCB & Device Design & Development
- PCB & Device Assembly (SMT down to 01005)
- Cable Harness
- Specialized services
- PrismaSense® IoT

PROGEA CONSULTING

 **Poland** www.progea.pl

Operations Manager

ProGea Consulting is a consultancy group (kind of spin-off SME company, with about 30 employees and workers), concentrating on the advanced technology like: airborne laser scanning (ALS), terrestrial laser scanning (TLS), mobile laser technology (MLS).

Q

QA SYSTEMS

 **United Kingdom** www.qa-systems.com/

Country Manager

Cantata is a C/C++ unit and integration testing tool for verifying standard compliant or business critical code on host native and embedded target platforms.

R

RD ALFA MIKROELEKTRONIKAS DEPARTAMENTS, JSC (TRADING AS RD ALFA MICROELECTRONICS)

 **Latvia** www.rdalfa.eu

Development Manager

RD ALFA Microelectronics has 45 years of experience in design and production of HiRel, RadHard & ITAR free for EU analogue IC's for aerospace and defense as well as special purpose microcircuits.

REFLEX PHOTONICS INC

 **Canada** www.reflexphotonics.com

Director Sales Europe

Reflex Photonics, a developer of high-speed optical connectivity, provides solutions for semiconductor packaging and data transfer applications for aerospace, avionic and defense sector.

RESCOLL (MEMBRE ASRC)

 **France** www.rescoll.fr

Sales Manager

RESCOLL is Service Company specialized in R&D, analysis and characterization, prototyping and manufacturing.

S

SAFRAN - SAGEM

 **France** www.sagem.com

Business Development

Sagem (Safran), high technology company, is a world leader in optronics, avionics, electronics and critical software solutions and services for civil and defense markets.

SAFRAN ELECTRONICS & DEFENSE

 **FRANCE**

Technical Manager

SAFRAN ELECTRONICS & DEFENSE

SAMTECH GROUP - OPEN ENGINEERING SA

 **France** www.open-engineering.com

General Manager

Open Engineering is a breakthrough supplier of Multiphysics software for the CAE market. Our solutions are based on our OOFELIE platform, optimized for large complex Industrial 3D design work.

SARDOU (MEMBRE ASTECH)

 France www.sardou.net

Ceo
Hypersonic Flight, TPS, Nozzle - Ceramic composite: flexible, damage tolerant, tested 1900°C, 90 minutes; High-speed Fans, Cryogenic Tanks - High performance epoxy, increasing fatigue life of highly stressed structures; Stage separation, Satellite ejection - Composite spring with high specific energy.

SCHOTT AG

 Germany www.schott.com

Director Space And Astro Business
For 130 years our company has been developing and manufacturing special glass, special materials, components and systems, to improve how people live and work. By providing innovative ideas and outstanding expertise in technology, SCHOTT offers solutions for the future and takes its responsibility for society and the environment very seriously.

SERMA GROUP - HCM.SYSTREL

 France www.hcm-systrel.com

Communication
Customized solutions covering the design, development and production of embedded electronic systems (calculators) whether on site or through services.

SILIOS TECHNOLOGIES

 France www.silios.com

Ceo
SILIOS Technologies offers optical micro-components for telecommunications, datacom, imaging systems, measurements, medical, aerospace, defence, environment.

SMAC - GROUPE MONT BLANC TECHNOLOGIES

 France www.smac-sas.com

Sales Engineer
SMAC is the specialist of standard & customized shock and vibration absorbers for defence and aerospace applications.

SODITECH

 France www.soditech.com

Business Developer
Since 1990, SODITECH has been designing, manufacturing and integrating Thermal, Electrical and Mechanical elements for satellites such as Space Harnesses, MLI-SLI, SSM, OSR, heaters and other panels equipment (inserts, groundings,...)

SOGECLAIR AEROSPACE

 France www.sogeclair.com

Head Of Alm Department
SOGECLAIR Aerospace, as part of SOGECLAIR S.A., is a major partner in engineering and a prime contractor for the aerospace industry for each and all of its domains of expertise and product line.

SOLAR MEMS

 Spain www.solar-mems.com

Business Development Manager
Solar MEMS is a company specialized in Microsystems technology (MEMS) and their application to space sun sensors for attitude control of satellites. In addition to sun sensor supplier, our activity includes custom electronic designs, integrated solutions and I/Fs adaptation of micro/nano satellites.

SOLARIS OPTICS S.A.

 Poland www.solarisoptics.eu

Marketing Manager
Solaris Optics S.A. is a medium-sized company that manufactures user-specific optical components and laser modulators, such as prisms, lenses, mirrors, windows and precision optical assemblies. Solaris possesses in-house expertise for optical design and analysis.

SOLARONIX SA - LUMARTIX SA

 Switzerland www.lumartix.com

Chief Executive Officer
Development, manufacturing and marketing for plasma lamp producing spectrum AM0 without filter. The lamp life time is up to 40'000 hours. To restart the lamp life time, the component cost 100 Euro. Plasma lamps reduce massively the operation and maintenance cost of solar simulation.

SOLCERA

 USA www.solcera.com

Sales Manager
Conception and manufacturing of technical ceramics (oxidised and non-oxidised). Assemblies (ceramics/metals and glasses/metals). Flash lamps.

SPACE - DHV TECHNOLOGY

 Spain www.dhvtechnology.com

Managing Director
Solar Arrays for Space Applications. Very focused on Small Satellites and LEO orbits but also HEO, GEO/Cubesat architectures, deployable solar arrays, solar arrays with integrated sensors.

Managing Director

Extensive and complex technical projects. As a development partner, we work with you to implement your ideas - from development planning, through product and process development to technical documentation.

SYMETRIE

 France www.symetrie.fr

Marketing Manager

SYMETRIE is specialized in hexapods, which are 6-axis precision positioning systems. Our hexapods are particularly adequate to position mirrors during mounting phases of satellites or to qualify space optical instruments. Experience: JWST and Gaia, BepiColombo mission, MTG programme.

T

TE CONNECTIVITY - TE CONNECTIVITY DEUTSCH

 France www.te.com

Key Account Manager Europe

Manufacturer of InterConnect components: connectors, wire.

TECHNICOM

 France www.technicom-sa.fr

Sales Manager

Systems Engineering.

TECHWAY

 France www.techway.fr

Marketing Communications Manager

TechwaY designs and develops advanced solutions for data acquisition & processing in real time. Our offer is the result of a close R&D collaboration with leaders of the Space, Avionic and Defense industries such as Thales, Airbus Group, ESA, etc.

TEKFLOW (MEMBRE ASTECH)

 France www.gam-tek.com

Sales Director

TEKFLOW performs outsourcing of mechanical precision machining of prototypes, small to large series for all sectors.

TEKSPAN

 Italy www.tekspan.it

Business Unit Manager

Spacecraft, Vehicles, Structure, Bracketry and outfitting complements. Manufacturing and sale of high technical, Very light closed cell foam, rubber and plastic material. Study and co-engineering of customized and personalized package for devices.

TELEDYNE REYNOLDS

 United Kingdom www.teledynereynolds.co.uk

Strategic Business Manager - Space

Teledyne Reynolds specialise in the design and manufacture of high reliability, high voltage interconnect products for Aerospace and Defence applications. With an extensive heritage of providing 'off-the-shelf' and custom products, including High Voltage wire, connectors and harnesses into the Space industry.

TEMATYS (MEMBRE AFOP)

 France www.tematys.com

Ceo

Exploration of Photonics markets / Marketing, studies and strategy. TEMATYS is a team of highly qualified experts committed to provide a very comprehensive understanding on trends, markets and use of photonic technologies and their applications.

TENCATE ADVANCED COMPOSITES

 United Kingdom www.tencateadvancedcomposites.com

Sales Manager Uk

Ten Cate Advanced Composites are an industry leader in the development and production of advanced composite materials. With production facilities and operations in Europe and North America, Ten Cate manufactures a market leading range of thermo plastic and thermoset prepregs that are incorporated into a variety of expanding market segments including aerospace structures, aircraft interiors, space/satellites, randomes and composite tooling.

TETHYS

 France www.tethys-sas.fr

Sales Manager

The founders have combined 40 years of experience in the field of equipment, electronic and pyromechanic systems. This experience, consolidated by competent, reliable, faithful and complementary partners covers R&D quality assurance, production and management.

THERMACORE INC. - AAVID THERMACORE EUROPE LTD

 **United Kingdom** www.thermacore.com
Area Sales Manager

Thermacore are experts in thermal management of high end electronics and offer in-house design, manufacture and test of thermal technologies including heat pipes, high conductivity encapsulated graphite spreaders and liquid cold plates.

TKI-FERRIT

 **Hungary** www.tki-ferrit.hu
Sales Representative

We offer circulators & isolators up to 40 GHz in waveguide, 18 GHz in stripline & 15 GHz in micro-strip construction. Since ferrite is made in-house, we are in a position to offer tailor made product solutions in response to customer demands, besides catalogue types.

TRANSPORTER INDUSTRY INTERNATIONAL - NICOLAS INDUSTRIE

 **France** www.nicolas.fr
Sales Manager

For more than 20 years, NICOLAS has been designing and producing tailor made or off the shelves transport vehicles such as :
AGVs, MPVs, fully electrical self propelled vehicles, hybrid powered handling trailers that fit the space industry's onsite constraints very well.

TTTECH COMPUTERTECHNIK AG

 **Austria** www.tttech.com
Senior Marketing & Sales Manager

TTTech is a leading supplier of networking technology. Space customers are being offered TTEthernet development equipment, scheduling tools, chip IP and soon switch ASICs. TTEthernet is the most promising candidate for the Ariane 6 data network.

V

VDL - VDL SCIENCE AND TECHNOLOGY

 **The Netherlands** www.vdletg.com
New Business Development Director

VDL is a global supplier of advanced mechanical components, modules and complete systems and has built a track record in the markets of semiconductor equipment, thin film deposition, analytical instruments, medical systems, aerospace & defense parts and mechanization projects.

VENTEC INTERNATIONAL GROUP

 **China** www.ventecclaminates.com

Global Account Manager

With seven manufacturing sites across the globe, Ventec is managed by a team of industry specialists from Taiwan, China, Europe & USA with more than 25 years experience.

VIA ELECTRONIC GMBH

 **Germany** www.via-electronic.de

Space Business Manager

VIA electronic is a SME specialised in design, development and manufacturing of innovative and sophisticated customized multilayer ceramic packages, boards and components for Aerospace, Defense and industrial applications.

W

WALKER PRECISION ENGINEERING

 **United Kingdom** www.walkerprecision.com

Business Development Director

Walker Precision Engineering is a forward looking technology led contract manufacturing company. Established in 1979 the company has risen to the challenges of changing market conditions. From small beginnings the company now employs over 150 skilled personnel over three sites. The company services markets worldwide, covering a diverse customer base in engineering cutting edge sectors.

WASAT SP. Z O.O.

 **Poland** www.wasat.pl

Ceo

Wasat develops services based on remote sensing, navigation algorithms and GIS. The company performs commercial and research projects (incl. several ESA contracts) mainly on EO use for agriculture, environmental protection and archaeology, EO ground segment software, navigation of planetary rovers.

WATT&WELL

 **France** www.wattandwell.com/fr

General Director

Watt&Well supports the designers of technological systems exposed to the highest levels of stress by creating and manufacturing customizable products based on rugged, reliable techniques for the most demanding industries: aerospace, oil&gas, industrial applications and automotive.

WEEROC (MEMBRE OPTICS VALLEY)

 **FRANCE** www.weeroc.com

General Manager

Weeroc is a microelectronics design-house with a strong expertise in radiation hardened analogue and mixed signal ASIC design.

WL GORE & ASSOCIATES INC - GORE & ASSOCIATES

 United Kingdom

www.gore.com

Product Specialist

Application engineer for spaceflight applications. supplying space microwave cable assemblies to the European and Asia Pacific regions from our manufacturing facility in dundee and supplying space products for the USA market from our facility in Delaware.

Z

ZEUSINC - ZEUS

 Ireland

www.zeusinc.com

Uk Business Development Manager

Zeus is among the first to work in the arena of minimally invasive techniques for revolutionary procedures such as neuromodulation. Our PEEK drawn fiber offers a non-metallic replacement for stainless steel.

ZODIAC - ZODIAC DATA SYSTEMS

 France

www.zodiacaerospace.com

Sales Manager

Zodiac Data Systems designs, manufactures and supplies a broad range of high technology products and solutions, under the product trade names IN-SNEC, ENERTEC, HEIM for Aerospace & Defense and industrial applications in the fields of: Airborne & ground telemetry, Embedded information management, Data acquisition & recording, Space applications : satellite command & control, remote sensing, Earth observation, Satcom QoS Monitoring.

ZOTEOFAMS PLC

 United Kingdom

www.zotefoams.com

Technical Business Development Manager

Zotefoams manufactures the world's lightest closed-cell thermoplastic foams. ZOTEK®F PVDF foams offer excellent flammability performance, chemical, temperature & UV resistance. They have excellent performance to NASA MAPTIIS data for Flammability, Toxicity and outgassing. Space Packaging.

 Delegations, Clusters,... :

A

AFOP - LE SYNDICAT PROFESSIONNEL OPTIQUE PHOTONIQUE

 France

www.afoptique.org

Director

The AFOP is the nationwide union of opto-photonics professionals, it has nearly 70 member companies in manufacture, products distribution and service for optics and photonics.

AGENCY OF INDUSTRIAL DEVELOPMENT (ARP)
