A

AIRBUS - AIRBUS DEFENCE & SPACE

 United Kingdom www.airbusdefenceandspace.com
Supply Manager
Aerospace, civil and military transportation.

AIRBUS - AIRBUS DEFENCE & SPACE

 United Kingdom www.airbusdefenceandspace.com
Commodity Manager (Ground Systems)
Aerospace, civil and military transportation.

AIRBUS - AIRBUS DEFENCE & SPACE

 France www.airbusdefenceandspace.com
Marketing Manager
Aerospace, civil and military transportation.

AIRBUS - AIRBUS DEFENCE AND SPACE

 France www.space-airbusds.com/fr
Senior Manager
Worldwide leader in aeronautics, space and related services.

AIRBUS - AIRBUS DEFENCE AND SPACE TOULOUSE

 France www.airbus.com/
Strategy, Sourcing And Market Intelligence
Prime space systems contractor

AIRBUS - SODERN

 France www.sodern.fr
Project Buyer
An AIRBUS company specialized in designing and manufacturing of neutron, optical and space instrumentation.

AIRBUS GROUP DEVELOPPMENT

 France www.airbus.com
Area Manager
International aircraft manufacturer.

AREVA

 France www.areva.com
Project Director
AREVA supplies high added-value products and services to support the global nuclear fleet operation. The company is present throughout the entire nuclear cycle, from uranium mining to used fuel recycling, including nuclear reactor design and operating services.

AREVA INNOVATION PME

 France www.innovationpme.areva.com
Research / Studies And Laboratory > Open Innovation
Identification, assessment and promotion of the best innovative solutions provided by SME's in order to face future energy challenges.

AREVA NP

 France www.areva.com
Project Director
Maintenance of nuclear facilities.

C

CNES - CENTRE NATIONAL D'ETUDES SPATIALES

 France www.cnes.fr
Director Of Regional Affairs
French Space Agency, responsible for shaping and implementing France's space policy in Europe. Its task is to invent the space systems of the future, bring space technologies to maturity and guarantee France's independent access to space.

CNES - CENTRE NATIONAL D'ETUDES SPATIALES

 France www.cnes.fr
Technical Advisor For Industrial Intelligence And Synthesis
French Space Agency, responsible for shaping and implementing France's space policy in Europe. Its task is to invent the space systems of the future, bring space technologies to maturity and guarantee France's independent access to space.

CSL - CENTRE SPATIAL DE LIEGE

 Belgium www.csl.ulg.ac.be
Head Of Technology Program
The Centre Spatial de Liège (CSL) is a high level Research Center of the University of Liège, devoted to applied research in Space science.

D

DLR

 Germany www.dlr.de
Npc Space
Acting on behalf of the Federal Government, DLR Space Administration designs and implements Germany's Space Program, which integrates all German space activities on the national and European plane.

E

ESA - ESTEC

 The Netherlands www.esa.int

Laser & Optometrics Systems Engineer/Physician

The European Space Agency (ESA) is Europe's gateway to space. Its mission is to shape the development of Europe's space capability and ensure that investment in space continues to deliver benefits to the citizens of Europe and the world.

ESA TECHNOLOGY TRANSFER PROGRAMME - TECH2MARKET

 France www.tech2market.fr

Technology Transfer Engineer

The technology transfer program of the ESA encourages the space technology transfer to other industrial sectors.

ESA TECHNOLOGY TRANSFER PROGRAMME - TECH2MARKET

 France www.tech2market.fr

Director

The technology transfer program of the ESA encourages the space technology transfer to other industrial sectors.

I

ISRAEL AEROSPACE INDUSTRIES

 Israel www.iaj.co.il

Business Development

Israel Aerospace Industries is a supplier of a large portfolio of solutions in the space, air, land, sea and cyber domains. Our space capabilities include turnkey capability for satellite, launcher and ground operation.

L

LAI MELBOURNE FLORIDA U.S.A. - 5D INTERNATIONAL

 France

Ceo

Global Sourcing in Aerospace Turbine Defense. High Performance Solutions in Metal and Composite VESC (Drome France).

N

NATIONAL REMOTE SENSING CENTRE ISRO

 India www.nrsc.gov.in

Group Head, Nrsc Data Centre

National Remote Sensing Centre or NRSC, located at Hyderabad is one of the centres of the Indian Space Research Organisation (ISRO), striving to realise the Indian Space Vision, as a key player in Earth Observation Programme and Disaster Management Support programme. NRSC is responsible for acquisition, processing, supply of aerial and satellite remote sensing data and continuously exploring the practical uses of remote sensing technology for multilevel (global to local) applications

O

OHB COMPANY - ANTWERP SPACE

 Belgium www.antwerpspace.be

Space Business Manager

Besides being a satellite ground equipment manufacturer, Antwerp Space also designs, develops, integrates and tests telecom and security projects like Galileo Mission Data Dissemination Network (MDDN) and has experience with Electrical Ground Sytem Equipment for spaceborne structures like the Automated Transfer Vehicle (ATV).

P

POLY-SHAPE (MEMBRE ASTECH)

 France www.poly-shape.com

President

POLY-SHAPE is a young and innovative company specialized in the direct manufacturing and the use of a laser fusion process.

R

RUAG - RUAG SPACE

 Switzerland www.ruag.com

Head Of Innovation And Development

RUAG Space is the leading supplier of products for the space industry in Europe. Experience, outstanding reliability, customer focus and a comprehensive, clearly structured product portfolio all make RUAG Space the partner of choice for manufacturers of satellites and launchers across the globe.

A

AIRBORNE AEROSPACE BV

 The Netherlands www.airborne.com/space

Business Development Manager Space
Airborne Space is leading the way in the engineering and manufacturing of composite panels for satellites. Through industrialization, digitalized automation and applying different production process technologies, we are making spacecraft components more affordable for our clients. This made Airborne market leader in the manufacturing of solar-array substrate panels in Europe.

AIRBUS - AIRBUS APWORKS GMBH

 France <http://www.apworks.de/>

Sales Representative
Airbus APWorks GmbH is a wholly owned subsidiary of Airbus. We are familiar with state-of-the-art production methods and make technologies and innovations from aviation usable for the industry. Our focus is on additive manufacturing, also referred to as 3D printing, where we cover the entire value chain.

ALCEN - TRONICO

 France www.tronico-alcen.com

Key Account Manager
TRONICO is a major supplier of OEM's electronic systems for Aeronautic, Defence & Security and Space.

In addition to its core EMS (Electronic Manufacturing Services) business, TRONICO has also established itself as an EDS provider (Electronic Design Services) in the development of complex electronically dominant systems.

ANTONOV AERONAUTICAL SCIENTIFIC TECHNICAL COMPLEX

 Ukraine www.antonov.com

Head Of Commercial Department
Cargo and regional aircrafts production.

ART OF TECHNOLOGY AG

 Switzerland www.aotag.ch

Sales & Marketing Manager
Specialising in the design and development of embedded systems.

ASRC - CPI - COATING PLASMA INDUSTRIE (MEMBRE ASRC)

 France www.cpi-plasma.com

Sales Manager
Surface treatment of materials by cold plasma at low and atmospheric pressure.
